

# All About Me: Backpack Assignment

This is a creative assignment that allows you to represent and illustrate your thoughts and ideas clearly and creatively. When you fill in the provided template, you are trying to use both visual symbols and important words to clearly share your most important takeaways from what you have learned makes you unique.

For this assignment, you are creating a one pager about YOU. This is a great chance for you to think about the story of your life and share a small glimpse of it with us. Instead of sitting down and writing an autobiography, I want you to have an opportunity to share this story with us in a creative and visual way. Do you self-identify as an artist? Amazing! If not, no problem! I will walk you through it with prompts and support so that everyone is successful!
